

Data center cleaning: what we clean

Bring this on an escorted walk of support areas and halls, ticking each item done.

Site _____ Address _____
Walked by _____ Date _____

Lobbies, offices and staff spaces

- ☐ Security lobby and public side of the mantrap
- ☐ Network operations center
- ☐ Offices and break rooms
- ☐ Kitchens, restrooms and locker rooms
- ☐ Entry mats vacuumed and changed
- ☐ Glass cleaned and hard floors mopped

Docks and support rooms

- ☐ Loading docks swept and scrubbed
- ☐ Staging and burn-in rooms
- ☐ Spare-parts storage
- ☐ Cardboard and packaging debris kept out of the halls

White space, top to bottom

- ☐ Gowning as the site requires
- ☐ Approved tools and low-lint wipes only
- ☐ HEPA-filtered vacuums
- ☐ Overhead cable trays and ledges
- ☐ Cabinet exteriors and blanking panels
- ☐ Raised-floor tiles vacuumed and damp wiped
- ☐ Each visit logged for site records

Under-floor work

- ☐ Tiles lifted in planned sections when scheduled
- ☐ Plenum vacuumed and closed back up

Access rules

- ☐ Visit scheduled ahead and names on the access list
- ☐ IDs checked at the desk
- ☐ Escorts where the site requires
- ☐ Supplies on approved carts
- ☐ Doors never propped

New halls and expansions

- ☐ Post-construction cleaning in phases, top to bottom
- ☐ Work behind the operator's containment
- ☐ Path between construction and live space cleaned each visit
